# The DESQUELET<sup>®</sup> Methodology

A Structured Framework for Systems Thinking and Applied Strategic Design

D

## Deep Understanding

Identify root problems and underlying system challenges.

E

## Exploration of Systems

Explore how TBP tools, protocols and infrastructure models respond to those challenges.

S

## Strategic Planning

Define the framework, project contribution or solution to be developed.

Q

## Questioning

Ask deeper questions and challenge conventional assumptions.

U

## Unique Framing

Reframe ideas through neutrality, connectivity, modularity and access.

E

## Effective Engagement

Communicate ideas clearly to institutions, cities, investors, partners and collaborators.

L

## Learning Through Simulation

Test ideas through scenario analysis, mapping and comparative modelling.

E

## Execution Model

Translate ideas into governance, technical, operational and delivery logic.

T

## Transferability

Ensure the solution can scale across regions, sectors and institutions.

## Why DESQUELET<sup>®</sup> Matters

The methodology helps participants move beyond observation into solution design, enabling them to understand complex systems and develop transferable project frameworks within the TBP ecosystem.

# INTERNATIONAL CAREER & EVIDENCE DEVELOPMENT

Building a Stronger Professional Record Through Verified Contribution

The programme will support participants in developing a stronger professional portfolio through documented project contributions, research, design, technical outputs, leadership experience and public recognition within the TBP ecosystem and beyond globally.

## 1. WHAT PARTICIPANTS WILL BUILD

- ✓ Documented project contributions
- ✓ Research and strategic writing
- ✓ Design and technical outputs
- ✓ Leadership and collaboration evidence
- ✓ Public profile and recognition within TBP and beyond globally

## 2. HOW IT WILL SUPPORT CAREER DEVELOPMENT

- ✓ Employment and CV development
- ✓ Academic or professional applications
- ✓ Entrepreneurial and advisory positioning
- ✓ Professional and sector-recognition pathways

## 3. IMPORTANT NOTE

Participation does not guarantee employment, sponsorship, endorsement, project appointment or future paid work. Progression depends on successful completion, contribution quality, professional conduct, project relevance and TBP approval.

## RECOGNITION AND CERTIFICATION

### CERTIFICATE OF COMPLETION

Participants who successfully satisfy the programme requirements will receive a Certificate of Completion for the TBP Global Strategist Fellowship.

### VERIFIED CONTRIBUTION RECORD

Participants with approved, documented work will also receive a contribution record summarising their verified outputs and work areas.

“ Build more than a CV — build a verified record of strategic contribution. ”
